

# Floriani Quilting Software Update

Build 3387

Release Date: 4/23/18

## Auto Trapunto Feature

New to TQ is the ability to automatically create Trapunto designs and blocks. This fun technique used to require an understanding of digitizing to create. Now, it is as easy as selecting a design/shape and clicking a button.

## Auto Trapunto

## Social Media Integration

Let's get social! Show off the designs you are working on with your friends on Facebook, Twitter, and Pinterest. Now you can log into those accounts in the software and with a click of a button send an image of the design you have open in the software.

### Post to Facebook

Use this tool to post an image of the design currently showing in your software directly to a Facebook page.

### Post to Twitter

Use this tool to tweet an image of the design currently showing in your software.

### Post to Pinterest

Use this tool to post an image of the design currently showing in your software directly to a Pinterest board.
